## GURNEY'S FINE Everblooming Roses

WE SEND ALL 2-YR. FIELD GROWN PLANTS  
Will Blossom From June 'Til Frost

For years we have had our roses grown for us under contract by one of America's foremost rose growers. A whole field is grown especially for us and every rose in that plot is our property. Naturally it is impossible for them to all grade out as 2 year No. 1 plants. This means the slightly smaller ones (not culls) but the No. 2 grade are surplus because we do not list them.

There is only one answer to the problem—offer them at a greatly reduced price even though they are healthy disease-free plants that should develop into real beauties in a short time. The quality is just as high as any other grade. We would get double what we are charging if they were only a little larger. You won't receive a single cull or damaged rose.

By allowing us to ship to you by color and not name you get the same roses at a great reduction in price and it will help us get rid of our surplus.

You'll get a fine assortment of colors and as usual, every plant offered is covered by our famous Gurney nursery guarantee.

Here is your chance for a truly beautiful rose garden at a fraction of the regular cost so order as many offers as you have room for. No climbers included to throw off the planting balance.
